

SINGLE CART POLICY 2.0

We hope that you and your family are healthy and have been staying safe during this pandemic. Up until this week we have allowed Single Rider Carts at no extra charge for our Members and Guests. The guidelines in NH Golf Reopening 2.0 have been relaxed since May for Carts and reads as follows:

- (A) Walking is encouraged, however 2 players sharing a cart is now permitted.
- (B) Non-household members riding in the same car should wear cloth face coverings (which we will provide free of charge in the Pro Shop)

During the season we have experienced negative effects on the golf course and on the cart fleet because of single carts being used. This includes course damage that results in extra repair work from the maintenance staff and extra time disinfecting each cart, especially at night when everyone finishes in the dark.

Due to the reasons stated above, we are adjusting our cart fees for those players that feel uncomfortable sharing a cart. We respect your decision to ride alone, however, there will be a "Single Rider Cart Rate" charge, which are all shown below:
